

Save America's Postal Service Rally

On 9-27-11, the APWU, along with the other postal unions, participated in a Nationwide rally to urge their Congressmen to cosponsor HR 1351 and to oppose HR 2309. Since Mr. Doggett is co sponsoring the bill, some members of MoveOn and NALC went to his office to thank him. The rest of us rallied outside Rep. John McCaul's office since he is the only one not on board with supporting the USPS. We had a good turn out, I was hoping to see more of our members, but I would like to thank the ones who *did* show up. We had a lot of carriers, RR carriers, and APWU members. I would like to thank John Castillo for organizing this event and keeping the rally going for 1 1/2 hours. I wish all of our members would send an e-mail or write an actual letter to their representative, asking him to support HR 1351, or thank him for already doing so. This takes a few minutes of your time, and sends a message to Congress. Please help us help you!
